

## TREASURER'S REPORT 2022

I have pleasure in enclosing the accounts for the Annual Conference of Local Dental Committees for the twelve month period ending 31 October 2021.

I am very grateful to the Conference Auditors, Jonathan Randall and Bruce Porteous, whom I met in Manchester in December 2021, for their thoroughness in auditing this year's accounts.

The 2020/2021 financial year was a full year of virtual meetings, including the virtual Conference as well as a virtual Official's Day. Budgeting has not been easy but I am confident that the decisions made over the last 3 years have been the correct ones, and this is reflected in the accounts which have been scrutinized in depth by your auditors.

The Chair Elect of Conference will be submitting a motion from his LDC proposing a full mandate for the Conference Agenda Committee to proceed in the next few years. It is hoped that this will stimulate discussion and delegates will provide guidance in relation to Conference direction and organization in the future.

As well as funding the LDC Conference, your fund also recompenses your Chair, Vice Chair, Agenda Committee and GDCP representatives elected by Conference for time out of the surgery and expenses incurred.

The share of the costs has been calculated as a proportion of the total NHS GDS spend per LDC area in the month of October 2020. As always, I am indebted to my predecessor, Will Newport, for providing me with the figures.

Please do contact me should you or other LDC members have specific questions about the LDC accounts.

With very best wishes for an excellent LDC Conference in Wales this year.
