

Annual Conference of Local Dental Committees

ONLINE

Saturday 12 June 2021

About the event

The Annual Conference of Local Dental Committees is a great opportunity for organisations to promote their services to influential dentists from all over the UK.

The 2021 conference will be chaired by Stuart Allan and is a unique event with a guaranteed attendance of over 250 decision-making dentists from all areas over the UK. Delegates comprise of LDC Representatives and Observers nominated by their LDC, together with members of the BDA's General Dental Practice Committee (GDPC).

This year each LDC is also encouraged to register a 'Special Observer' for the event. This is an opportunity for newcomers to immerse themselves in dental politics and hopefully launch a career-long interest. These special observer places are reserved for those who are new to dental representation, first time conference goers or in the first decades of their career. This initiative is expected to expand the size and demographics of the audience, resulting in over 300 dentists attending this year.

Due to the pandemic this year's event will again take place online. The day will be hosted on an innovative events management platform, offering enhanced functionality for both delegates and supporting partners. Time will be allocated throughout the programme for comfort, networking and exhibition breaks; in addition the virtual venue will go live a week before the event takes place. At this point delegates will be asked to login, look around the platform and visit the virtual exhibition as part of their familiarisation 'tour'.
